PERMIT TO WORK

Permission to carry out work to:

Name of Property:

Work to be carried out:

.....

The following points to be noted:

All proposals to be submitted to the Estate Office in writing with drawings/sketches of proposed work as appropriate before any work begins.

Any structural work must be properly assessed and written details given prior to work commencing.

Any plumbing or electrical work must be carried out by fully qualified tradespersons, all completed work to have compliance certificates issued and passed to the Estate Office on completion of the work.

Due to the age of our properties there is a possibility that asbestos containing materials may be present. An asbestos register is held at the Estate office and can be viewed by all interested parties on request. Care particularly to be taken with all plumbing and electrical work and the removal of any pipe boxing. In case of any doubt, or if any matter of concern is discovered during the execution of work, the Estate Office is to be informed immediately.

All work to be carried out strictly in accordance with all good practice and in compliance with the Health and Safety at Work Act.

Copy of this permit must be signed by the contractor carrying out the work and returned to the Estate Office before work commences.
